Ref: Mining Impact on the Greeley Neighborhood and Butte-Silver Bow Community

Sub: Request for this B-SB Council of Commissioners to request the B-SB Chief Executive Officer, His Most Honorable Dave Palmer, to request that the B-SB Health Departments - Environmental Health Division; 1) Determine if Airborne Metals Pose a Health Risk to Butte-Silver Bow Citizens, 2) Commission a Study to Determine an Obtainable Local Airborne Metals Standard, 3) Recommend to this Council an Obtainable Local Airborne Metals Standard

As President of the Greeley Neighborhood Development Corporation Inc., I, for and on behalf of the Greeley Neighborhood Community Development Corporation Inc., do here by request that the Butte-Silver Bow City - County Government Council of Commissioners request the B-SB Chief Executive Officer, The Most Honorable Dave Palmer, to request the B-SB Health Departments - Environmental Health Division to;

1) Determine, given the increasing recent evidence-based information, if the five significantly elevated airborne toxic metals detected in Dr. Hailer's study and/or other additional airborne metals they deem to be toxic contaminants of concern do indeed, in their opinion, pose a health hazard to the citizens of the Butte-Silver Bow Community.

2) Commission an appropriate study/investigation to determine an obtainable Local PM 10 and TSP Airborne Metals Standard and find the grant funding necessary to conduct the study.

3) Recommend to this Council an Obtainable Local PM 10 and TSP Airborne Metals Standard for at least the five significantly elevated airborne toxic metals detected in Dr. Hailer's study, and/or any other additional metals they deem to be toxic contaminants of concern.

Respectfully submitted for your consideration and action,

For and On Behalf of the;
Greeley Neighborhood Community Development Corporation Inc.

R. Edward Banderob, President
